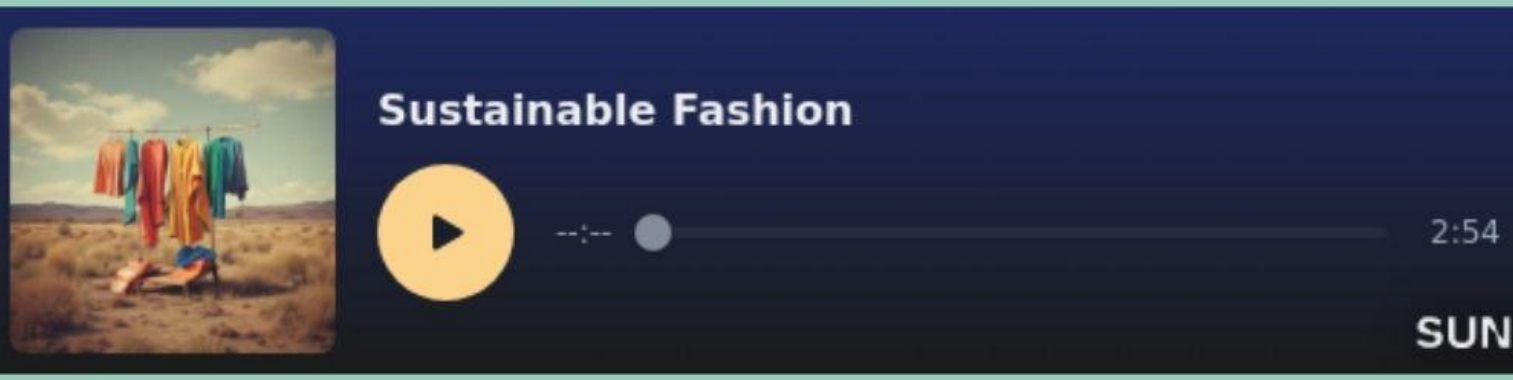
Sewing dreams of a greener tomorrow,
Understanding the power of choice we borrow.
Saving resources, one garment at a time,
Transforming waste into art so sublime.
All of us gather together
Not too late only we start.
And we plan to do real art.
Be the one who change the future
Let´s all save the nature

Fashion redefined, within our range.
Adapting styles to spark a change.
Sharing the planet, its beauty, its worth,
Holding a promise to cherish the world.
In every stitch, a story to tell,
Our choices matter, let's do them well.

Now's the time to stand as one

Fashion for good, a movement begun.

[Refrain/Chorus]



Sew it right, wear it bright,
Change the world, day and night.
Fashion that cares, style that stays,
Sustainable choices, show us the way.

Don´t let the fashion end on a dump,
just donate it to the second hand.
Slow fashion is for me,
because it´s very comfy.
Sustainable is really good
and you will have a good mood.
